## INGENIUM Plug&Play™

"Fantastic combination of rhythmic precision and sheer musical energy"

The benchmark for entry level audiophile turntables.

INGENIUM Plug&Play now comes complete with quality fitted tonearm and moving magnet cartridge, it's ready to use within ten minutes.

Sharing the same philosophy as our more expensive designs, Ingenium Plug&Play has a true audiophile engineered quality. Such as our unique sapphire bearing and clamping system which efficiently channels unwanted vibrations away from the record to the chassis. This gives a new clarity to your vinyl; the performance is not veiled but vivid and transparent.

Isolating the main chassis is critical to maintaining low coloration. We have employed the same optimised elastomer used in the Diva II, resulting in better information retrieval and resolution.

Ingenium Plug&Play offers people the chance of opening a window to quality audiophile vinyl reproduction, without feeling its "just another turntable"

It's reassuringly an AVID turntable at an affordable price.

SPECIFICATIONS	
<b>DRIVE</b>	Single Belt Drive
<b>SPEEDS</b>	33.3 & 45.0 RPM
<b>PLATTER MASS</b>	2.5kg (Upgradable)
<b>PLATTER MATERIAL</b>	MDF (Upgradable to Aluminium)
<b>BEARING</b>	Inverted Satinless Steel
<b>THRUST POINT</b>	Tungsten Carbide / Sapphire
<b>SUSPENSION</b>	Elastomer
<b>TONEARM</b>	AVID TA-1
<b>CARTRIDGE</b>	AVID CA-1
<b>MOTOR</b>	115/230v 12mNm AC Synchronous
<b>VOLTAGE INPUT</b>	115-240VAC 50/60Hz 4W MAX (Regional)
<b>DIMENSIONS</b>	370 x 305 x 130 (mm) WxDxH
<b>NET WEIGHT</b>	5.9kg (13lb)
<b>PACKAGING</b>	500mm 420mm 265mm (WxDxH)
<b>SHIPPING WEIGHT</b>	9kg (20lb)
